

Return To Play Clearance Form COVID-19 Infection Medical Clearance

We recommend the use of this form by member schools as it relates to students who have tested positive for Covid-19. This form must be signed by one of the following examining Licensed Health Care Providers (LHCP) before the student-athlete is allowed to resume full participation in athletics: Licensed Physician (MD/DO), Licensed Physician Assistant (PA), Licensed Nurse Practitioner (NP). This form must be signed by the student-athlete's parent/legal custodian giving their consent before their child resumes full participation in athletics.

Name of Student-Athlete: _____ DOB: _____

Participating Sport(s): _____

Date COVID-19 Infection Diagnosed: _____

If symptomatic, date symptoms resolved: _____

COVID Case:

- Asymptomatic (no symptoms) or mild symptoms (fever, myalgia, chills, and lethargy < 4 days)
- Moderate symptoms (fever, myalgia, chills or lethargy lasting >=4 days or hospitalized but not in ICU)
- Severe symptoms (hospitalized in ICU and/or MIS-C)

Some students, particularly those with moderate to severe illness, may require a graduated return-to-play (RTP) protocol once the student has been cleared by a LHCP (cardiologist for moderate to severe COVID-19 symptoms). The American Academy of Pediatrics COVID-19 Interim Guidance: Return to Sport provides a recommendation for RTP (page 2) if necessary.

As the examining LHCP, I attest that the above-named student-athlete is now reporting to be completely free of all signs and symptoms of COVID-19, at least 10 days from positive test, and afebrile for 24 hours and is either cleared for resumption of activity or recommended for cardiology referral.

- Cleared for return to athletics.
- Cleared for return to athletics after completion of a graduated return to play due to the severity of symptoms and/or hospitalization associated with the student's positive COVID-19 diagnosis.
- Not Cleared: Cardiology consultation before clearance.
