

# AES International Membership Opportunity

Dear IHFEA member, we are pleased to share a unique and exciting opportunity with you. Recently, our organization formed a partnership with the Applied Ergonomics Society (AES). This collaboration provides the opportunity for our members to access AES member benefits at a small fraction of the normal rates.

Included below is some information that will help you learn more about Applied Ergonomics Society, its many benefits, and details of how to take advantage of this exceptional opportunity which is being made available through our partnership with AES.

## About the Applied Ergonomics Society (AES)

AES is a worldwide resource for the ergonomics, human factors and health and safety professionals around the world. AES supports the Annual Applied Ergonomics Conference and Expo, a conference where attendees gather from around the world to share best practices with other professionals in ergonomics, human factors, healthcare, safety, human resources, and risk management. Learn more about AES [Applied Ergonomics Society \(iise.org\)](https://www.iise.org)
