

Looking for excitement and adventure? Come along on a Great Escape!

Nothing is quite as good as taking a break and venturing out to explore something new. If you are 18 years and over, have a disability and would like to go 'Down South', 'Over East' or on your dream holiday, SMP lifeskills2work may be able to help you...

Great Escapes play an essential role in giving people with disability time to have fun or relax by taking a break from their usual living environments. Great Escapes give family members and carers an opportunity to recharge and savour some personal time with the knowledge that their loved ones are enjoying themselves and having their care needs met.

We plan our escapes across the year so that there is something for everyone. They are fully supported by experienced and qualified support staff so that you can rest assured you are being well looked after.
