1) **"Had a Great stay at Jasmine Palace"**

Best value for money and comfortable, hygienic stay in Yangon. Overall satisfactory experience right from courteous staff to various doorstep amenities like gym, restaurant, room service etc. at hotel.

Rooms are very clean, toiletries provided, complimentary in-room bar, good high floor view...specially can see Pagoda temple. A must try for personal as well business visits.

2) **"Superb hotel"**

Got to Yangon after a long night in various airplanes, and was very happy to check-in at this modern, clean and very nice hotel with friendly and highly professional staff. We got a spacious room at the 16th floor, overlooking the city. The bathroom was big and modern in all respects. The location of the hotel is central, not far from the Shwedagon pagoda. Good value for money. I would definitely stay here again.

3) **"Plenty of Local Atmosphere"**

A friendly & peaceful hotel away from the hustle of the city centre. Good rooms, hot water, efficient air-con. Excellent choice of both Western & Eastern cuisine at breakfast. Within walking distance of at least 3 of the top 30 recommended Tripadvisor restaurants - try Wei Wei, House of Memories or Xi Yang Yang. Taxis cheap e.g. less than £2 to Shwedagon Pagoda, £2.50 to city centre. But just walk down any of the side streets near the hotel to sample the local life.
