### DRAFT:

#### COWS OUT MILK STOUT 5.2% ABV

This beer is black in the glass and topped with an inviting tan head. Aromas of coffee liqueur and dark fruits are followed by flavors of milk and bittersweet baker's chocolate as well as notes of espresso.

#### ROLL IN THE HAY IPA 6.0% ABV

Straw color and cloaked by a slight haze, this beer is a beautiful showcase of American hops. Citrus and tropical fruits delight the senses as a mild bitterness and dry finish provide the perfect balance.

#### PUMPKY BREWSTER PUMPKIN ALE 6.2% ABV

This REAL pumpkin beer is brewed using real pumpkin, local organic ginger and maple syrup. Pumpkin spice lattes ain't got nothing on Pumpky Brewster flavor.

#### FARMWEISER 4.4% ABV

Lightly hopped, crisp refreshing lager, brewed with high quality rice, hops, and barley.

### CANS:

#### FARMER PHIL'S PILS 5.4% ABV

A great German-style Pale Lager, this beer is a light golden color with a more (slightly) bitter or earthy taste than a traditional American Lager.

#### WEST WIND KOLSCH 5.0% ABV

This Kölsch-style ale pours a bright golden with a fluffy white head. The yeast contributes to fruity aromatics and subtle flavors of white grape, apple, and pear with a dry mineral finish.
