

Preliminary Assessment Questionnaire

Devon Association for Renewable Energy

The purpose of this questionnaire is to describe your site and your requirements to enable us to quote for the most suitable service, site visit and report. Not all the questions may be applicable but please answer as fully as possible. We are happy to offer any assistance in completing this form, and welcome your enquiries.

By returning the questionnaire you are agreeing to the Data Protection Statement.

Data Protection Statement: Your information will be held on our database, it will not be disclosed to any third parties other than immediate service partners without your consent, unless such disclosure is a legal or statutory requirement.

1. Your details

Contact name		
Telephone		
Email		
Contact address	Site address (if different)	
Postcode	Postcode OS grid ref (if known)	
Assessment required <i>A full service breakdown is available on our website. We are happy to discuss further</i>	Householder survey	
	Energy Efficiency Audit	
	Renewable Energy Scoping Study	
	Full Site Assessment	
	Code for Sustainable Homes	
	Unsure and would like to discuss further	
What are your motivations for a site assessment? Understanding your motivations will help us tailor your final report. For example, for economic motivations, we can supply information on payback periods etc	Self sufficiency	
	Environmental interests	
	Economic	
	Other	

DARE is a social enterprise specialising in providing expert, impartial advice and support regarding energy efficiency and renewable energy. It is a company limited by guarantee registered in England, No. 4189619

2. Your site

We welcome any supporting information you wish to supply at this stage, including plans, maps, reports or photographs.

Describe the type of building/site <i>E.g. Detached village hall with wrap around land. Multiple use.....</i> <i>A 3 bed semi-detached house with small garden on cul-de-sac estate.....</i> <i>A 2 acre sloping plot with good access from an A road. On a hillside with good exposure to prevailing winds.....</i>		
Approximate site dimensions	Property (length and width)	Land (acres)
Who owns the site?		
Describe the current heating and hot water system <i>E.g. Condensing boiler feeding a hot water tank and radiators. Log burner in front room as secondary heating source</i>		
Electricity supply	Is there electricity on site? <i>(Please circle relevant answer)</i>	Yes, grid connected
		Type of supply: single / split / three phase
		Yes, own generation
		No
	Type of generator <i>E.g. diesel, wind turbine etc</i>	
	Electricity use per year, in kWh?	
Mains gas	Is the site connected to the mains gas network?	Yes / No
	Gas used per year, in kWh?	
Oil	Litres used per year?	
Wood	Volume of logs/pellets/chip used per year?	
LPG	Kgs used per year?	
Other		

3. Topic breakdown Outlining your baseline and areas of interest will ensure your assessment is tailored specifically to your requirements. This list is not prescriptive and can be revisited at anytime with your assessor.

Energy efficiency technologies		Already installed	No information required	General information required	Site specific information required
Please tick appropriate boxes					
Loft/roof insulation					
Wall insulation					
Floor insulation					
Double/triple glazing					
Low energy lighting					
Efficient heating systems					
Heating controls					
Heat recovery ventilation					
Passive solar design					
Other					
Renewable energy technologies		Already installed	No information required	General information required	Site specific information required
Please tick appropriate boxes					
Solar	Thermal				
	Photovoltaic				
Biomass heating	Woodchip boilers				
	Wood pellet boilers				
	Log boilers				
Heat pump	Ground source				
	Air source				
	Water source				
Wind power					
Hydro power
