1) **"Beautiful Resort"**

We had a wonderful time in Bagan Lodge Hotel. The staff are very friendly and helpful when it comes to making itinerary plans and booking cars or restaurants. The rooms are spacious and clean, the restaurant offers delicious Asian and Western food. You can also rent e-bikes at the reception to visit the pagodas at your own pace, great fun.

2) **"A definite must in Bagan"**

Fantastic hotel with lovely huge villas with private seating area. 2 swimming pools, 1 Jacuzzi and a sauna. Most of the staff is very helpful and friendly. They served everything under the sun for breakfast, they have a happy hour from 4-7 with 2 drinks for the price of 1.

3) **"Highly recommended!"**

Surprise, surprise. I don't know what initially had turned me off to book this property, but when we arrived, all worries faded. Beautiful grounds, absolutely fantastic interior design in the villas. Loved the spacious, rustique bathrooms. No complaints. Beautiful pool, nice outdoor restaurant. Downside: slow service. Needs attention. Also some flaws with front desk, slow check-in and lack of communication, but I still give property 5 star as all else was perfect. Highly recommend this place to dust off from a day walking the temples, kick back, put your feet up and relax in this well kept new resort.
