### 1) **"Attention to detail...superb!"**

Excellent room, spacious with really comfortable beds. Brilliant shower, forceful and controlled temperature. Staff all helpful, smiling and informative. Restaurant on top floor and open nicely situated with excellent food and entertainment. A great hotel in a great location sensibly priced.

### 2) **"Lovely hotel and lovely staff"**

This is a fairly small hotel with very friendly, helpful and welcoming staff, for whom nothing is too much trouble. The room was good, with plenty of space and the bed was very comfortable. There was Wi-Fi, but I was unable to connect to it during our three day stay. The restaurant offered a variety of dishes and during dinner there was a short puppet show and musical interlude.

### 3) **"Nice hotel"**

The first impression when you arrive to the hotel is good. During the drive from airport to hotel I was on low expectations, but I was wrong. The reception is very nice, impressive architecture. Check in and out very pleasant. Staff very friendly and helpful. Room big and comfortable, clean. Very nice decorated. Very nice restaurant. The Wi-Fi is good.
