1) **"Small slice of heaven"**

A perfect way to end our trip to Myanmar, quiet, apart from the building site next door. The chalets were very nice, roomy, clean, and a bath! The staff were smiley and helpful, the buffet breakfast was first rate. Tours of the city could be arranged from here if required, but was a welcome break from the tooting of horns! Would gladly come back here.

2) **"The staff are a triumph"**

The staff at this hotel were very very helpful. This was the second time I had stayed here in a year. Both times the help I received was impressive. Room was clean and well serviced and good value. Breakfast was a treat everyday (very tasty omelet prepared to my specs). I was injured and everyone there went above and beyond normal levels of service to assist.

3) **"Great hotel"**

Very nice new hotel with fantastic large rooms, excellent for families. Stayed on a large room that easily accommodates 4 people. Big bathrooms, great shower and bath. Staff are great, super friendly. Highly recommend.
