

Research Associate Screening technology

Job description:

Confo Therapeutics, a spin-off of VIB and VUB, is a drug discovery company built around a disruptive technology which enables it to address 'undruggable' GPCRs. The company is building a portfolio of transformative medicines in various disease areas. Confo Therapeutics is currently located on the Etterbeek campus of the Vrije Universiteit Brussel and on the Technology Park in Zwijnaarde/Ghent. More information about Confo's technology and strategy can be found on www.confotherapeutics.com.

For the expansion of our drug discovery team in **Ghent** we are currently looking for a (m/f):

Research Associate Screening

Your responsibilities:

- You will execute critical assays in early drug discovery programs
- Run daily screening and compound profiling projects utilizing different approaches such as radioligand displacement assays, HTRF, surface plasmon resonance, GPCR signaling assays...
- Perform data analysis and create reports using established software tools and systems
- Evaluate, analyze and interpret research data
- Present data to the project team and write report of the work performed
- Handle multiple projects with overlapping deadlines
- Ensure support to colleagues for collaborative projects, and reliability, accuracy, robustness and high quality for data and reports

Your profile:

- Applicant must have an advanced degree (Bsc or MSc) and at least 3 year experience in a related field in a biotech or pharma environment
- Relevant industry experience in assay design, execution and screening
- Experience in compound management
- Highly collaborative, self-motivated, team-oriented individual
- Ability to work in a fast-paced, highly integrated team environment where accuracy, accountability and timeliness are essential
- Ability to keep accurate and complete records of all scientific experiments according to established procedures.
- Enthusiastic team player in a small company setting
- You are fluent in English and can communicate research results to the team and cross-functional stakeholders across the company

Our offer:

- A competitive compensation package with extensive benefits
- An entrepreneurial and stimulating working environment in a growing and ambitious biotech company
- Excellent career development opportunity, with exposure to all aspects of R&D in the company

Do you have the right qualifications and are you up to the challenge of joining our entrepreneurial team? Then forward a short motivation letter and your CV to careers@confotherapeutics.com
