Feel free to get in touch and discuss this further with us.

Terms & Conditions

We pride ourselves on being completely transparent with all our clients. We don't agree with hidden fees or misleading offers. So below are four points for consideration. That's it, just four.

- 1. All prices in this brochure are based on 100 guests in attendance. If more than 100 guests are attending certain costs will increase including catering. However, it must be mentioned that the core infrastructure cost of your event is unlikely to increase unless a much larger amount of guests are attending. The reason for this is that we will have to provide a larger marquee and additional amenities as well as additional catering. It is always worth contacting us with any queries as we are experts in tailor-made wedding design and will certainly be able to find a solution that suits you and your budget.
- 2. The Simply Outdoors package does not include a celebrant and traditional wedding ceremonies on site would depend on licensing of your chosen venue. We work with many excellent celebrants nationwide and are happy to arrange one for you at an additional cost.
- 3. Some venues may come with a surcharge due to your preference of location
- 4. Delivery costs are charged as extra and are subject to location
