The Riverside  
Botley, Hampshire

PART OF THE

**I DO FESTIVALS**  
GROUP

# The Wedding - Festival - Company

The Wedding Festival Company are delighted to showcase this stunning venue in the heart of Hampshire. The Riverside in Botley is situated on the bank of the river Hamble, the most famous yachting river in the UK and is nestled in idyllic countryside between Portsmouth and Southampton.

Situated on a working farm and equestrian centre, The Riverside has superb access from M27 and M3 motorways and the local train station just 300m away provides direct access from London.

The venue has previously hosted public music festivals and can accommodate for 499 guests, with ample parking and camping available for all. For those not wishing to glamp or camp, the local area is brimming with excellent hotels and family run B&Bs.

## Stunning Riverside Beauty

The Riverside venue provides a stunning back drop for a wedding festival with tree lined fields to one side and the riverbank nestled to the other. We have use of a secondary field for camping at larger events but can easily scale the venue down to one field for more intimate celebrations.

The venue also hosts its own wine bar and fine dining restaurant serving locally sourced dishes, fine wine and local ales and ciders.
