The Wedding Festival Company are delighted to showcase this beautiful addition to our venues in the heart of the Devonshire countryside. Devon is famed for it's stunning landscapes, quintessential English countryside and of course, cream teas!

Mount Tavy Cottages is a 300 year old former gardener's cottage set within 10 acres of organic land that includes a stunning lake, an organic walled garden, cider orchard and bee hives. The perfect countryside surrounding for you to create you dream wedding festival.

The owners at Mount Tavy have held weddings inside the venue now for a number of years and we have joined with them to expand the potential of the grounds to host festival weddings on the land as well as utilising the excellent facilities already on offer at this venue.
