#### **Diversify with Energy and Passion**

More and more companies are looking to diversify from the more traditional black tie event and hold a day that emulates excitement and energy. We can still incorporate the fine dining and formal sit down meal if required, this is a great opportunity for key speeches and award ceremonies However, the days are focused around either festival fun, teambuilding activities or a mixture of the two.

We provide every service directly ensuring that you don't have to be concerned about third-party suppliers letting you down. We project manage the event in its entirety, from the transport to and from the venue, dietary requirements, welcome packs, local accommodation through to our boutique glamping and of course the full line-up for the big day itself.

#### **Stress Free Events**

Our events are designed by us and guided by you. They are stress free and require very little administration input from your staff team, leaving you to enjoy the celebration yourselves.

#### Talk to us

We have a dedicated friendly team of people who will work with you to produce a non-obligatory quote today.

We are very strong advocates in building strategic alliance and partnerships with all our clients. If you decide that we are the right company for you, we will appoint you with an Event Manager who is with you every step of the way, to include the big day itself.

You are already fabulous, dare to be different, stand out from the rest and hold an event that your team and clients will talk about for years to come.
