The glass on the left contains a red beverage with ice and a lime wedge, with two black straws. The glass on the right contains a light green beverage with ice and a lime wedge, with one black straw. To the right of the glasses is a black bowl filled with yellow chips. In the background, a person is seated at another table, and the scene is brightly lit, suggesting a sunny day.

## Our Popular Package

As standard, we charge £500 for a fully stocked bar offering spirits, wine, bottled lager, cider and ale with at least one lager and cider on draught. If you have a lot of ale drinkers, we are also happy to supply cask ale. This hire is inclusive of staff, fridge trailer to ensure all your drinks are served chilled, all plastics and ice/garnishes.

Our team will work with you before your event to ensure that we stock more of what your guests like. We sell at ethical pub prices all served by our friendly experienced team. Generally we will apply for a late license for your event so that we can continue to serve you until 2am. This is, of course subject to the venues consent.

There is a minimum spend of £20 per guest and bars that take over £5000 get their £500 hire returned to them.

If you believe your bar will exceed takings of over £7000, do let us know as we often offer free complimentary services from the I Do Festivals group of companies to help you get the party started.

## Variants on our popular package

- You can decide to offer a free bar up to a certain spend. This is very common with weddings where the couple decide to allocate some of their budget towards free drinks
- Tokens can be given to guests which are allocated equally among them. We record what is consumed for each token and then you can settle this at the end of your event. This is very popular choice with our corporate clients.
- Subsidised bar – We can charge your guests any amount under our standard price package. Usually we agree an upfront payment in advance with you, dependant on the number of guests and then reduce the prices on the bar accordingly.

## Our Cocktail bar

Depending on the size of your event, as standard we offer seven core mainstream cocktails all priced at £7 per cocktail for your guests to enjoy. All served by trained mixologists with flare! The cocktail menu can be added on to your standard package, or you can hire out a separate bar for your event. The same terms apply for hire and minimum spend.

## Themed bars

In 2016 we launched the magical Bollybar which is a colourful and quirky array of props from four poster beds, Moroccan lamps, Indian umbrellas and giant poufes and cushions! It is dimly lit by night and makes the perfect setting for a late night silent disco. The brand spanking new traditional pole marquee is 12 x 12 meters and suitable for up to 100 guests. It is available to hire for your event, fully decorated for £1500. It is the perfect size for a birthday celebration or smaller event. It can host either a standard bar, cocktail bar or a mixture of the two.

## Brand New for 2017 - The Pimms Station

A Pimms station complements any event from welcome drinks to afternoon refreshments. It is a free addition to any bar hire with over 100 guests. Pimms can be purchased for £15 a jug by your guests during the day, or you can prepay £2.50 for the first glass and £2 for each subsequent glass to be served by our friendly staff. We are more than happy for you to prepay for some drinks and we will keep the station open during the day for your guests to purchase jugs whenever they like.

We usually close the Pimms station no later than 7pm as Pimms is very much a sunny afternoon pleaser.

Please do get in contact with any queries or to discuss any special requirements you may have, our friendly and experienced team are always happy to help and we are confident that we can put a package together for you that will ensure your event is a roaring success.
