Interesting combination - distinctive appearance
The segmented arch roof confers elegance to the MIGROS design. The harmonious construction integrates into any concept and environment without compromises.

Top class roof
The model SINUS did not lose any of its fascination.
The sophisticated construction permits almost unlimited combinations.
Transparent roof and wall panels create a look of high quality.

ROUNDED

A well-rounded success
Fans of round shapes value this look.
Available with highly transparent wall
elements for a light-weight appearance.

DoggyBox

New 2017

Customers will appreciate the weather-proofed, well aerated and safe Doggy-Box for their dog, if they don't want to tie their pet outside the shop. Even in summer the dog is protected from heat better than in overheated cars.

Hygiene Station

New 2017

In times of colds and flu pandemic customers want clean hands and trolley handles.

The new HygieneStation offers the opportunity to shop germ-free. On top: advertising space - with poster or on a display.
