## boosts

- **Extra 500 cc** of fluids + electrolytes 60

### - **IV Toradol (Analgesia)**

A powerful, non-habit forming pain medication, Toradol will treat moderate to severe acute pain from inflammatory causes. 60

### - **IV Pepcid (Heartburn)**

An excellent treatment for heartburn, Pepcid will instantaneously reduce any pain and nausea related to increased acidity in your stomach. 60

### - **IV Zofran (Nausea)**

For intractable nausea, Zofran quickly and effectively treats your feeling of unbearable queasiness. 60

### - **IV Vitamin C (Anti-oxidant)**

Vitamin C is necessary for collagen synthesis for our body, which means healthier skin and proper wound healing in cases of injury to the skin. It is also an excellent anti-oxidant to combat the damaging free radicals generated by the sun. These free radicals contribute to photodamage and aged skin. Vitamin C is also used by your white blood cells in your body to combat pathogens. 100

### - **IV Glutathione (Anti-oxidant)**

The strongest anti-oxidant in your body, glutathione assists in the metabolism of toxins in your liver and helps repair damage to your body caused by environmental factors such as stress, radiation, pollution and infection. Glutathione is best absorbed via the intravenous route. 100
