

The Ultra Wave is Sunbelt's top of the line spa with 60 water jets and 14 air jets PLUS a Wave seat! Part of the Wave series this spa has a special seat for two people that has 32 jets in 4 rows of 8 that are controlled by a jet sequencer that activates each row of jets one at a time in such a way that the massage moves slowly down your back from one row to the next. Also available with a Turbo Booster to make it even more powerful this is without a doubt the toughest massage around - this is an amazing spa that has to be tried to be believed! We always have one here full of water and nice and hot so that people can try it.
