

## **Z**

**Zestimate:** A Zestimate<sup>®</sup> is Zillow's estimated market value of a home. We compute this figure by taking zillions of data points and entering them in a proprietary formula.

**Zillow:** An online real estate company based in Seattle offering innovative services to anyone interested in the real estate process. (Note: You're here; this is us!)

**Zindex:** The Zindex<sup>®</sup> is Zillow's housing index. It is the median Zestimate for a given geography during a given time period.
