CPD = 6.5 hours

Programme

08.45 **Registration and coffee**

09.20 **Welcome and Opening Remarks**

FRED JAFFE, EXECUTIVE DIRECTOR, SPECIALIST PENSION SERVICES

09.25 **Infrastructure**

MODERATOR: **LEYLAND OTTER**, INDEPENDENT INVESTMENT CONSULTANT

Managing Volatility in Infrastructure

Sector diversification is often highlighted as a risk mitigant for Infrastructure funds. However, risk, as measured by volatility of returns, has more to do with macro factors impacting on the specific income profile of the underlying infrastructure assets. Ingrid Edmund will outline how a dynamic portfolio construction framework, based on macroeconomic factors of GDP Growth, inflation and interest rates, when effectively applied, will better control volatility and deliver consistent performance through economic cycles

INGRID EDMUND, SENIOR PORTFOLIO MANAGER, COLUMBIA THREADNEEDLE INVESTMENTS

ESG is Vital to Infrastructure Investing

As an asset class, infrastructure provides direct exposure to ESG and plays a critical role in the essential functions and sustainability of communities and their environments. A forward looking ESG strategy provides a long-term focus on safe operations, stakeholder engagement, and environmental stewardship and also views risks, opportunities and trends that are material to each business. The importance of governance, hidden values of "S" and ESG implementation at the portfolio company-level are fundamental to investment outcomes.

CASSIE WINN, VICE PRESIDENT, INFRASTRUCTURE INVESTMENT GROUP, J.P. MORGAN ASSET MANAGEMENT

10.40 **Coffee / Tea**

11.10 **Real Assets**

MODERATOR: **LINDA MCALEER**, SENIOR INVESTMENT CONSULTANT, HYMANS ROBERTSON

Investing in Farmland

Macro-economic forces and demographic trends underpin the value proposition of direct equity investment into farmland. Learn why now is the right time to invest, how a global approach can enhance diversification benefits to hedge against risk and how an active management approach, embedding sustainability into the investment process, can further increase the opportunity to capture value increases while mitigating risk.

MARTIN DAVIES, PRESIDENT & CEO, WESTCHESTER GROUP

Timber and Farmland: working together in a mixed asset portfolio to reduce variance in returns

Timberland and farmland assets have been used and tracked as components of institutional portfolios for over two decades, establishing a strong historical record of performance, low to moderate risk, and favourable diversification characteristics. While investors have generally treated timberland and farmland as separate asset classes, both are income generating and land appreciation investments with biological growth components.

Both offer comparable risk-adjusted returns and inflation protection. Structuring coordinated investments in these two natural resources has the potential benefits of generating operational efficiencies and augmenting the risk-reducing diversification of a broader portfolio.

KEITH BALTER, DIRECTOR OF ECONOMIC RESEARCH, HANCOCK NATURAL RESOURCE GROUP (HNRG)

12.25 **Drinks and Lunch**

13.35 **Alternatives**

MODERATOR: **GEORG INDERST**, INDEPENDENT CONSULTANT

EDF Energy: Sizewell C

Since infrastructure became accessible to private investors, its popularity has grown almost exponentially. Last year, global fundraising for privately owned or 'unlisted' infrastructure projects reached a new record level \$85 billion in 2018. EDF's Sizewell C nuclear power station is a new opportunity for pension fund investment. This session will explain why the project is an attractive proposition for funds and an ESG compliant model for future low carbon energy investment in the UK

JULIA PYKE, NUCLEAR DEVELOPMENT DIRECTOR, EDF ENERGY

Climate Change, Energy Transition, and Responsible Investment Strategies

The transition to a lower-carbon global economy presents opportunities and threats to real asset investors. Sustainable infrastructure offers a compelling route to profit from this rapidly developing theme, but investors must be careful to understand an evolving set of market, regulatory, and business model risks. Can real asset strategies help insulate portfolios to the disruptive impacts of climate change?

SPEAKER TO BE CONFIRMED

14.50 **Coffee / Tea**

15.10 **Practical Issues & Pension Fund Insights**

MODERATOR: **JOHN FORBES**, INDEPENDENT CONSULTANT

Best Ideas in Global Real Assets: Value Add & Opportunistic Strategies

What are the global real asset investment considerations? The importance of manager selection. Implementation considerations. Typical fund characteristics. Example portfolios.

PAUL JAYASINGHA, GLOBAL HEAD OF REAL ASSETS, WILLIS TOWERS WATSON

PENSION FUND INSIGHTS

How should pension funds react to the major economic challenges that lie ahead? A panel of pension scheme executives and trustees will talk about their pension fund's infrastructure investment challenges and solutions. Panellists to be confirmed.

16.25 **Drinks reception followed by Close of Conference**

Speaker bios

Keith Balter is responsible for the market analysis supporting investment and operational planning and decision making for the **Hancock Natural Resource Group (HNRG)**. Keith's team maintains informational databases and produces analytical studies and publications addressing trends in global timber, agricultural commodity and renewable energy markets as well as and the role of timberlands and farmlands in institutional investment. Before joining HNRG in 2012, Keith was Senior Economist with Forest Capital Partners LLC, a company investing and managing commercial timberland for institutional investors, where he was responsible for market analysis, business development and investor support. Prior to his time at Forest Capital Partners, Keith was a principal at RISI, a provider of information services and analysis to the global forest products sector. Keith holds a MFS in Forest Economics from Yale, and an MBA from the University of Chicago.

Martin Davies's 25 years in the agricultural industry have included posts within corporate agriculture, consultancy and investment. Prior to joining **Westchester** in September 2014 he led the deployment of institutional investors' capital into farmland in New Zealand, Australia, Romania, Poland and Chile for Bank of New York Mellon's asset management subsidiary Insight Investment. After 13 years with the Cooperative Group Farms in the UK, his lead into agricultural investing was 5 years spent working on agricultural investment projects for private investors in Poland, Romania, Bulgaria and Ukraine. An Agricultural graduate of The University of Reading, Martin was Chairman of the 2017 Oxford Farming Conference. He was a 2006 Nuffield Scholar and is a member of the Institute of Agricultural Management and a Director of Nuffield International.

Ingrid Edmund is a senior portfolio manager within the Infrastructure Investments team with responsibility for managing global infrastructure portfolios, including the European Sustainable Infrastructure strategy. She has 15 years' experience in infrastructure investment, financing, strategy and fundraising. Ingrid joined **Columbia Threadneedle** from HSBC Global Asset Management, where she was Senior Infrastructure Product Specialist, responsible for the delivery of its infrastructure debt investment offering and business strategy for institutional clients. Prior to that, Ingrid led business development in Europe at specialist infrastructure investor Hastings Funds Management. Her other experience includes positions at Stormharbour Securities as Infrastructure Director, Sumitomo Mitsui Banking Corporation Europe advising and financing social infrastructure and renewable energy transactions in EMEA and Standard & Poor's, where she focused on analysing private project finance transactions. Ingrid has a BSc in mathematical economics from the Academy of Economic Studies in Bucharest and an MSc (with distinction) in Finance, Economics and Econometrics from Cass Business School, London.

With over 15 years of experience advising infrastructure and energy projects around the world, **Julia Pyke** joined **EDF Energy** in July 2017 to focus on Hinkley Point C, Sizewell C, Bradwell B and the decommissioning of advanced gas-cooled reactors. Prior to her present role, Julia led a cross-practice team advising on power projects as Partner and Head of Power and Renewables for UK, US & Europe at Herbert Smith Freehills LLP, focusing on defence, nuclear decommissioning and transport projects. Julia is now working with Government to identify an innovative way for Sizewell C to be funded at best value to electricity consumers, and with potential investors.

Cassie Winn, Vice President, is a member of the Infrastructure Investment Group's Client Strategy team where she focuses on investor relations, reporting and ESG initiatives. Prior to joining **J.P. Morgan**, Cassie was the Product Specialist for the Infrastructure Investing strategy at Oaktree Capital where she focused on client communications and reporting, product launches and due diligence. Prior to Oaktree, Cassie served as Vice President of communications at Highstar Capital. Cassie began her career on the Investor Relations team at Clearlake Capital Group. She graduated from the University of Oklahoma with a B.A. in marketing.

Conference Notes

Purpose: With increasing numbers of pension funds seeking to significantly increase their allocation to infrastructure and real asset, this conference aims to help them to assess the various options by examining a range of infrastructure and real asset investment strategies and highlighting the latest trends and the prospects for both the global and UK markets. We will also seek to address practical issues such as liquidity, fees, transparency and implementation.

Date: Tuesday 18 June 2019 **Venue:** Le Meridien, 21 Piccadilly, London, W1J 0BH. Tel: 020 7734 8000

Cost: There is no cost to you to attend this event and your conference documentation, drinks, lunch, tea and coffee breaks will all be provided free of charge. If you would like to nominate a colleague to attend please ask them to contact us so we can ensure they are eligible for a free place. SPS events are exclusively aimed at genuine pension fund executives, trustees and their advisers, who may qualify for free entry. SPS Conferences reserves the right of admission (free or paid) and our decision is final.

Amendments: SPS reserves the right to amend or cancel the conference at any time but will always attempt to give prior notice. Cancellation by SPS will result in a full refund of delegate fees paid but no other expenses incurred.

PMI Accreditation: Attendance at the conference will be given 6.5 hours of CPD with the PMI.

Data Protection: Personal data is gathered in accordance with GDPR. Your details will be shared on an attendance list with other attendees including the conference sponsors who may wish to provide you with information. If you **do not** want to share details with other attendees please **tick the box**

Specialist Pension Services: SPS Conferences is a small, specialist company focusing entirely on providing essential, high quality and timely investment information to Large Pension Funds and their Advisors via a series of one day conferences in London and in key locations throughout Europe. SPS Conferences is the sister organisation of the EPFIF (European Pension Fund Investment Forum) and has been running investment conferences for the Pension Fund community since 1993. A wide range of investment and related topics are covered, including Alternative Investing, Bonds, Equities, Property, Absolute Return, Private Equity, Risk Management and DC Issues. Furthermore, because we know that you prefer to be educated rather than sold to, we strongly encourage our speakers to focus on giving educational speeches. An Advisory Committee of Pension Funds has been set up to help us keep our conferences relevant to your needs year on year, as we understand that there is a preference to be amongst peers at conferences rather than be outnumbered by Marketing Executives from Service Providers and so we have a very strict admittance policy biased heavily towards Large Pension Funds. We aim to have more pension funds in the room than service providers. SPS Conferences understand that delegates appreciate generous question and answer sessions during the conference and we also provide a number of opportunities to talk to your peers and the speakers. This includes tea/coffee break(s), a full three course sit down lunch and a drinks reception at the end of the day. When you put all this together, you get conferences where you can learn essential, timely information to assist you with all areas of pension fund investment management, in a friendly, relaxed, atmosphere amongst your peers. please visit our website: www.spsconferences.com for an update of this conference and details of the other specialist pension and investment conferences we organise.
