

Press release

MAJA Möbel expands management

Munich, 14/04/2021. With Peter Völkner, Vivonio's subsidiaries, MAJA Möbel Wittichenau and MAJA Möbel Kasendorf, are both gaining an experienced manager in their respective management teams. The 52-year-old will work at both locations in the newly created role of commercial director. This expansion of the management level supports both companies' plans for growth.

By 1 April 2021, the MAJA Möbel companies will strengthen their management teams: Peter Völkner will fill the newly created role of commercial director at both companies going forward. His main office will be at Wittichenau, where MAJA Möbel operates one of the most modern production facilities for lightweight furniture. The 52-year-old will support the managing directors, Uwe Gottschlich and Gunnar Halbig, at this location. At MAJA Möbel Kasendorf, high-quality flat-pack furniture for media, office and living is produced. Peter Völkner will join the management team here, along with Axel Brömstrup.

"We're thrilled that we were able to bring in Peter Völkner as an experienced CFO who is a perfect fit for us and the range of duties", says Elmar Duffner, CEO of the Vivonio Furniture Group, to which the two MAJA companies belong. "Mr Völkner has accumulated many years of corporate experience, but is also at home in a mid-sized company. Combined with his other qualifications, this makes him the perfect fit for the new role".

A business graduate, Peter Völkner has a broad spectrum of diverse experiences to look back on, ranging from commercial responsibilities at a high-tech international group to managing mid-sized companies. Most recently, Peter Völkner was the management board chair at Plauen Stahl Technologie GmbH.

In his new role as commercial director, he will further develop the commercial departments at each company and help other members of management to advance the companies' plans for growth.
