16. Poster with information on selection and type of tires.
17. Poster exploring possibilities in an occupation in highway safety.

Small Engines

Lot #

18. Panel exhibit of small engine parts with identification of parts. Actual parts may be used.
19. Poster illustrating steps in small engine service job.
20. Poster showing correct steps in preparing small engine for off-season storage.
21. Small engine safety poster.
22. Panel exhibit showing diagram of; a) Ignition system, or; b) Fuel system, or; c) Lubrication system.
23. Panel showing worn or faulty engine parts with a statement as to cause and prevention.
24. Poster showing the events in a four cycle engine with a brief explanation.
25. Rebuilt small engine that is operational mounted on 3'x3' board.
26. Display of a cross-section of a non-functioning small engine, mounted on a board.
Include description of parts, and label each part to show how the engine actually works.
27. Poster showing events in a two-cycle engine with brief explanation.
28. Panel exhibit of carburetor parts, with explanation of function of parts, float type or diaphragm type.
29. Poster listing preventive maintenance measure recommended for two-cycle engines.
30. Safety poster on: Chain saw use, outboard motors, motorcycles or motor bikes.

Bicycle Safety

Lot #

31. Poster on types of bicycles, past or present.
32. Poster or Exhibit identifying bicycle parts.
33. Poster or Exhibit showing steps in care and maintenance of bicycle.
34. Poster or Exhibit illustrating safe bicycle operation.
35. Poster or Exhibit identifying vehicle and bicycle laws.
36. Poster or Exhibit identifying traffic control signs.
37. Poster or Exhibit identifying opportunities for bicycling (work or pleasure).

Snowmobiles

Lot #

38. Poster or Exhibit illustrating operational safety of a snowmobile.
39. Poster or Exhibit illustrating proper care and maintenance of a snowmobile.
40. Poster or Exhibit identifying the parts of a snowmobile.
41. Poster or Exhibit illustrating opportunities for snowmobiling (pleasure or work).

Handyman

Lot #

42. Homemade tool as screwdriver, lead mallet or foot scraper.
43. Object made from metal using metal forming, welding, soldering or other processes.
44. Object made from wood or plastics such as a dog house or storage chest.
45. Object repaired or reconstructed made primarily of metal.
46. Object repaired or reconstructed made of woods or plastics.
47. Repaired, refinished or constructed article for use in the workshop; attach a statement of work done and method used.
48. Repaired, refinished or constructed article for sport or recreational purposes: attach a statement of work done and method used.
49. Repaired, refinished or constructed article for use in the home; attach a statement of work done and method used.
50. Repaired, refinished or constructed article for use out-of-doors; attach a statement of work done and method used.
51. Repaired, refinished or constructed article for use in another project; attach a statement of work done and method used.

Scale Models (18" x 24" project size)

Lot #

52. Model from a kit (snap-fit construction –example Lego or Knex or any other snap fit)
53. Model from a kit (glued construction)
54. Original model of exhibitor's own original design using one or more medium
55. Model railroad project
56. Poster related to scale model project
57. Project from erector-type construction

AEROSPACE

Only 1 entry per lot per exhibitor

- I. Commercial built models are not eligible for judging.
- II. Project must be flying models built by exhibitor using kits or self-design.
- III. Airplanes and rockets may have been flown but must be clean and in good repair for exhibit and judging at the fair.
- IV. Posters must measure 14"x22"

Premiums: \$2.00, \$1.75, \$1.50, \$1.25

Model Airplanes

Lot #

58. Build a flying model, any type, for judging of workmanship and exhibit.
59. Build a glider and be able to fly it.
60. Build a gas-powered control line airplane and be able to fly it.
61. Poster or display showing the components of a model airplane.
62. Any other exhibit pertaining to Model Airplanes.

Model Rocketry

Lot #

- 63. Model Rocket for show, from a kit.
- 64. Model Rocket for show, homemade.
- 65. Poster or display illustrating one or more points from Model Rocketry safety code.
- 66. Rocket launching pad.
- 67. Engineering display showing space exploration as it may relate to agriculture, industry or science.
- 68. Any other exhibit pertaining to Model Rocketry project.

Aerospace

Lot #

- 69. Poster or display illustrating the principles of flight.
- 70. Poster or display identifying the major structural parts of a plane or rocket.
- 71. Any other educational display pertaining to the Aerospace project.
