Animal Health Regulations

Fairs and Shows in Wisconsin: 2021 Season

This is a summary of animal health requirements for fairs, shows and exhibitions only. They are not necessarily the same as requirements for importing animals into Wisconsin or moving them within the state for other purposes. They may change if animal diseases occur in Wisconsin or elsewhere, so you should always check our website or contact us for current information. Ref. s. ATCP 10.87, Wis. Admin. Code

<p>General Requirements for show organizers</p>	<p>All fairs or exhibitions of any length must obtain, review, and keep for five years all required records and test results:</p> <ul style="list-style-type: none"> • Exhibitor's name and address • Animal identification (number, type, description, and, when required, official identification (see requirements for different animals below)) • Documents showing compliance with disease testing and other health requirements • Livestock premises number, if any, where animals originated • Documentation showing legal importation to the event (if applicable) and, when required, movement to the event (see requirements for different animals below) • For swine, a record of any swine transported directly to a slaughtering establishment • For swine, a record of any swine transported to an animal market where all animals sold at the market sale for that day were shipped directly to a slaughtering establishment <p>Fairs or exhibitions lasting more than 24 hours must appoint a licensed veterinarian to inspect all animals daily.</p> <p>Please note: Except in specific circumstances, if an animal already bears an official 840 eartag, that eartag must not be removed and additional official eartags must not be applied. Instead the existing eartag must be read and recorded when a record of that animal is required. (Ref. s. ATCP 10.045, Wis. Admin. Code)</p> <p>These regulations apply to all fairs and exhibitions, including additional events (like rodeos, shows, or other organized events) that occur in conjunction with the fair.</p>
<p>Diseases</p>	<p>Animals that show evidence of having contagious or infectious diseases may not be commingled (or housed/kept) with other animals at a fair, show, or other exhibition in such a way as to allow disease to spread. Such animals should not attend the fair, show, or exhibition. Animals may be denied entry if they arrive at these events with contagious or infectious diseases, isolated and/or removed if they develop disease after arriving, or be subject to other action as would be necessary to control disease.</p> <p>Bovine animals with ringworm, mange, warts or scab will be removed from the fair or exhibition premises, unless the veterinarian in charge finds warts or ringworm lesions are incapable of transmitting disease.</p>

YQCA FOR ALL LIVESTOCK EXHIBITORS

The Lodi Agricultural Fair requires YQCA certification for youth who are exhibiting ALL LIVESTOCK at our fair. Your YQCA certificate number is input during your online fair account creation. ALL LIVESTOCK EXHIBITORS must be prepared to provide a copy or a digital image of the YQCA certificate upon request of a livestock superintendant.

The Lodi Agricultural Fair Swine Show is non-terminal. Please refer to <https://datcp.wi.gov/Documents/FairRulesAnimals.pdf> website for ALL Livestock testing required before our fair! Your veterinarian cleared health papers will be required to be turned into the appropriate Superintendent BEFORE you will be able to unload your animals

As Wisconsin continues to promote Food Safety in all areas of our fairs, starting fall of 2017, Wisconsin replaced the MAQA (Meat Animal Quality Assurance) program with the Youth for the Quality Care of Animals (YQCA) national program. This new and interactive program provides youth several options for an annual quality assurance certification. YQCA was created for youth in the Beef, Dairy, Goat, Poultry, Rabbit, Sheep, and Swine projects. This new program gives families more flexibility in acquiring this much needed information which trains youth in improving the care of food animals and promoting a higher level of consumer food safety. The livestock industry and businesses are constantly striving for high quality, wholesome products; therefore, youth in food animal projects should assist in this effort.

Two options:

Online training – cost of \$12.00 - The online course can be done anytime – year round

In person training – cost of \$3.00

Both MUST pre-register (including payment) through YQCA.org

Please go to <https://yqca.learngrow.io/Account/Login> in order to register for either online or instructor led courses. If you are a 4-H member, please log in through the 4-H Online system on the left. If you are an FFA member or other organization affiliate, please sign in through the independent system on the right. LODI AGRICULTURAL FAIR CODE OF SHOW RING ETHICS

(adapted from IAFE National Code of Show Ring Ethics)

Exhibitors at livestock shows shall at all times conduct themselves with honesty and good sportsmanship to promote the advancement of agricultural education. This code applies to junior as well as open class exhibitors who compete in structured classes of competition. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example.

The act of entering an animal in a livestock show is the giving of consent for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing.

The following is a list of guidelines for all exhibitors and all livestock in competitive events:

1. All exhibitors must present, upon request of fair officials, proof of ownership, length of ownership and age of all animals entered and shall provide animal health certificates from licensed veterinarians as required by the Wisconsin Department of Trade and Consumer Protection website.
<https://datcp.wi.gov/Documents/FairRulesAnimals.pdf>
2. Junior exhibitors are expected to care for and groom their animals while at the fair or livestock shows.
3. Animals and animal pens and animal areas are to be kept clean and free of trash. Bedding is to be disposed of in provided manure spreaders. All pens must be completely cleaned out at the end of the fair.
4. Animals that may enter the food chain will be free of volatile drug residues. Animals not entered in an event which culminates with the animal entering the food chain shall not be administered drugs other than in accordance with applicable federal, state regulations and rules.
5. Livestock shall not be exhibited if the drugs administered affect the animal's performance or appearance at the event even if in accordance with federal, and state statutes, regulations and rules.
6. At any time after an animal arrives on the fairgrounds, all treatments involving the use of drugs and/or medications for the sole purpose of protecting the health of the animal shall be administered by a licensed veterinarian or as prescribed in writing by a licensed veterinarian.
7. An animal's appearance or performance shall not be altered by any means. Altering of an animal's appearance will be considered unethical fitting. Unethical fitting shall include, but not limited to:
 - The use of clenbuterol.
 - Any surgical or unethical insertion of any matter under the skin or into body cavities, performed to change the natural contour or appearance of the animal's body (e.g. administration of fluid via stomach tube or other similar apparatus to fill the rumen).
 - Any attempt to change the degree of firmness (e.g. icing of animals).
 - Any attempts to disrupt or change normal dental development.
 - Treating the animal, particularly the udder, internally or externally with an irritant or counter-irritant, substances used to artificially enhance or change the conformation of the udder, use of any device to create or enhance the udder crease or plugging of the teat canal.

8. The use of showing and/or handling practices or devices such as striking animals causing swelling or use of excessive force to brace or control an animal, using electrical devices, or other similar practices are unacceptable and are prohibited.

9. All exhibitors and their families must be respectful to others. Direct criticism or interference with the judge, fair board members, superintendents, volunteers, other exhibitors, or fair visitors before, during, or after the competitive event is prohibited. All judges, fair board members and show superintendents, or other show officials shall be treated with courtesy, cooperation, and respect and no person shall direct abusive or threatening conduct toward them.

All exhibitors, the immediate family and any other parties involved in the unethical fitting and/or showing of an animal may be subject to penalties as described below:

- forfeiture of award(s) and premium(s)
- forfeiture of auction proceeds
- barred immediately from competition in the department in which the violation has occurred and/or from all departments entered
- dismissal from the fairgrounds
- barred from future competition in the Lodi Agricultural Fair.

LODI AGRICULTURAL FAIR

Little Britches Fun Class General Rules

The Little Britches is a non-competitive, just-for-fun educational class for the 5-8 year-old children who are too young to show in the regular Dairy, Beef and Poultry competitive show classes. This is also a great mentoring opportunity for Jr. and Sr. Exhibitors at the Lodi Agricultural Fair. The Calf and Poultry Shows are held on Saturday morning of the Lodi Agricultural Fair. Each Little Britches Fun Class will be held after the regular classes are finished competing in the same locations, thus, Poultry will be in the Poultry tent and Dairy/Beef in the outdoor showing, unless directed to a different location.

Little Britches Participant Rules:

1. Registration for the Little Britches youth must be completed on-line through the Lodi Agricultural Fair website at www.LodiAgFair.com and follow the rules for all livestock exhibitors. This includes any testing required prior to the Lodi Fair. The on-line entry deadline is August 1st of the current fair year. No late entries will be accepted. **Livestock Premise ID** and **ear tags/leg bands** for identification purposes will be required as per WI State rules. (The mentor will be able to supply this info for you).
 - a. Enter: Dept 601 - Class: A Lot: 1 Showmanship Little Britches Calf Class
 - b. Enter: Dept 607 - Class: A Lot: 1 Showmanship Little Britches Clucks n Ducks
 - c. Please call the fair office if you need assistance 608-592-4499 or stop in by the Fair Office. Fair Office hours: Tues and Thurs eves 6pm-8pm and Saturday morning 10am-Noon during the month of July.
2. The youth must be mentored by one of the following: by a current Lodi Fair exhibitor, a former Lodi Fair exhibitor or an adult familiar with the animal. If the mentor is not a current Lodi Fair exhibitor, the Little Britches Committee will pair up the youth and mentor with an exhibiting club/group, so the animal will be stalled or housed near them for additional support.
3. The youth must be between 5-8 years of age as of January 1st of the current fair year and who are not eligible to exhibit in Jr. Livestock Classes.
4. Parent/guardians must complete and sign a waiver form **AND** email the form to the fair office at fairoffice@lodiagfair.com. Please bring a copy or have a photo on your phone the day of the show just in case it wasn't received by the fair office; a copy may be requested by the Little Britches show manager before the child enters the showing.
5. The parent/guardian **MUST** be present at both the time of mentoring and show time.
6. The fair emcee will have a microphone and will ask the child questions regarding the animal. Questions that may be asked could be: breed, age, name of the animal, what it eats, how it is taken care of, who owns it, etc.

Jr./Sr. Exhibitor Mentors Rules:

1. The Little Britches Mentor must be one of the following: a current Lodi Fair exhibitor, a former Lodi Fair exhibitor or an adult familiar with the animal in one of these species departments: Dairy, Beef or Poultry.
2. The animal must be housed on the fairgrounds during the entire fair with an appointed exhibiting club/group at the Lodi Fair. The Little Britches committee will pair up the youth and mentor for the animal to be stalled or housed near for additional support.
3. At all times, the Mentor is to keep safety in mind and **NEVER** leave the Little Britches participant alone or unsupervised with the animal.
4. Animals must be healthy, clean and ready for exhibition like any other fair project animal and cared for every day of the fair.
5. **ALL** the mentoring will be done under the supervision of the child's parent/guardian.
6. Each mentor will spend at least 15 to 30 minutes teaching his/her "Little Britches" participant about the care of the animal and will be present when the animal is presented to the Fair emcee or fair official. Keeping the animal secure but not interfering with the showing of the animal.
7. Calves must be born on or after March 1, 2021, nothing older.
8. The Jr./Sr. Exhibitor mentor will complete and sign a participation mentor form along with their parent/guardian signature.
9. This is a general class, so there will not be a division of the class by breed, animal age or child's age. It will just be a group lined up.
10. For those Jr or Senior exhibitors who mentor through this Little Britches Exhibition, this is an educational extension of the species project and will be credited as a part of your volunteerism qualification for the Lodi Agricultural Fair Livestock Scholarship available for graduating high school seniors.
