

Transport Stretcher

Easy Patient Transport

The simple design of Stryker’s transport stretcher provides safe and efficient transport for an economical value. Ideally suited for the ASC environment, this stretcher features fifth wheel mobility for easier traction and cornering, in addition to four-wheel, steel-ring brakes for optimum stability.

Retractable fifth wheel provides improved mobility

Four-sided brake and steer controls offer caregiver flexibility

Fold-down siderails help ensure patient safety

Optional knee gatch provides added patient comfort

Stryker’s transport stretcher is streamlined to provide quick and effective patient transport.
