

HAMPSTEAD HOCKEY CLUB

Secretary's Report

The season 1986/87 was, on the playing side, slightly disappointing; all the men's league sides' percentages were worse than last year. The 5th XI dropped slightly but the 6th XI and Vets did better.

On the bright side though, the ladies section did much better. The 1st XI gained promotion in their first season in the League and the 2nd XI percentage went up by 14%. The ladies' 3rd XI had a successful inaugural season, albeit including some unfortunate fixture problems.

Off the field the major difference was our first season with the new bar. This has resulted in increased revenue as the club hoped and has proved to be very successful.

The club Dinner was again well supported and enjoyable. Thanks to Kim Fleming for all her hard work. On this subject Peter Boizot is in favour of having a slightly more formal Dinner/Supper. The Committee's view is that this would probably not be very well patronized, but if you are keen in principle, see Peter and let him know.

On the administrative side, a Strategy Committee has been set up to consider long-term club interests. This Committee comprises the Club President, Club Captain and other interested members. Their first declared aim is for the 1st XI to win the London League in our Centenary season, 1994!

The Social Committee, Melinda Bennett, Melinda Miley and Charles Fillingham, will be starting a 100 Club in time for next season, see them for details.

On a personal level, after four years' involvement in Club administration, I am now stepping down and retiring to the back-benches where I will will perform in the time-honoured HHC tradition, by criticising the Committee, telling everyone how things were better in my day and thinking up new things for the General Secretary to do.

My best wishes to all of next season's club officers and my thanks to this year's.

Steve Purnell
