Dear Mr Turner

FLOODLIGHTING AT PADDINGTON RECREATION GROUND

Thank you for your letter dated 19th June 2000 regarding your proposal to install temporary floodlighting around the water based pitch at Paddington Recreation Ground. I have since spoken to the Planning Department who have confirmed that as with the permanent structure, this would also require planning permission.

I will however discuss your request with Councillor Judith Warner, Chairman of Environment and Leisure Committee and inform you of the outcome of these discussions in due course.

Yours sincerely

Mark Fisher
Leisure and Sports Contract Manager
