A message from the captains

Welcome to Super Saturday! For the first (and last!) time this season the L1 and M1 play at home in what will hopefully be 2 exciting fixtures as we head into the final few games of the season.

Last weekend both teams sealed their place in the play offs. The ladies had a great win away at Holcombe before a slightly trickier afternoon at East Grinstead. Whereas the men faced Reading and then play off rivals Old Georgians on Sunday and managed to bag all 6 points.

Today's games will certainly be a real challenge. The Ladies play Surbiton who maintain their formidable form at the top of the league having only dropped 2 points all season which is incredible. Meanwhile the boys play Exeter who have been rejuvenated after Christmas and are now banging in the goals for fun.

ABN AMRO join us for today's games and will be awarding a HWHC player of the game award with a novelty cheque. We are also excited to welcome London Women's Clinic, who have joined us as a club sponsor. Thank you as ever to MoreSpace, ABN AMRO and Francis Holland School for their continued support.

We hope you all enjoy the games. Be sure to make plenty of noise, but most of all, thanks for coming down.

@HWHCofficial

How long have you been at HWHC, and why did you join us?

This is my second season at Hampstead, I joined last year because I knew a few girls on the team and the standard was going to be challenging.

After your time at HWHC how would you describe the club in 3 words?

Fun, Friendly and Fantastic

What do you do when you're not on a hockey pitch?

I like to go spinning and trying all the local pubs in Greenwich

Do you have a pre-game ritual?

On game day I always wear my socks on the opposite foot. I'm a little superstitious.

What's your favourite post game tipple?

Lime & Soda and a pint

When did you last score, and was it a stunner?

Playoffs game vs Loughborough last season

Most embarrassing moment on a hockey pitch?

Last year against Harleston magpies I injected the ball on a short corner and it went straight to the oppositions centre forward

If you could be another teammate for a week who would it be and why?

Mel Wilkinson she seems to have a really interesting job.

If you could attend any sporting event in the world, what would it be?

Super Bowl!

Best thing your coach has said in a team talk?

Enjoy and trust playing with each other

What are you most looking forward to this year?

Visiting Norway with some of the girls.

Best things about HWHC?

The vibe at the club is great, everyone is so welcoming and friendly. Definitely the best club to be a part of!

Thanks Goose and good luck today!

Inside Hampstead – Lekan Ogunlana

How long have you been at HWHC, and why did you join us?

I'm currently in my third season at the club. The main reason why I chose this club is because I wanted to challenge myself by diving in the deep end of adult hockey having only ever done school and junior level. I joined HWHC a place where I wasn't really known to many. A major factor was that it was fairly close to university and relatively so to home so once I'm finished with university I have club to stay long term at.

After your time at HWHC how would you describe the club in 3 words?

Gracious, bubbly, humble

Which team do you look forward to playing against the most and why? On the flip side, is there a team you don't look forward to playing?

Probably Surbiton because my brother plays for them, which can be fun depending on the result.

What do you do when you're not on a hockey pitch?

Sadly in the library working hard for my degree.

Do you have a pre-game ritual?

Not really but based on match timings.

Early morning game: Bacon baguette and chips. However if I'm going to be late to a game I'll find a Starbucks on my way and get a ham and cheese panini with a vanilla and cream Frappuccino.

Later games, rice, tomato stew, mixed veg with a salmon fillet.

Most embarrassing moment on a hockey pitch?

Back when I was in an county cup semi final I thought someone took a shot outside the d, let it go in and conceded a goal. We ended up losing the game and got knocked out the competition

If you could be another teammate for a week who would it be and why?

Definitely Fingers, it's pretty self-explanatory but also his job can be seen to some as a borderline breeze so must quite chilled week.

If you could attend any sporting event in the world, what would it be?

The PDC Darts World Championship

Who is your role model?

William Étwipe, never dry and cleans up pretty much anything. If you don't know W.Étwipe, other role models include Paul Flick, Peter Rick, Andy Verage, Fred Ronstix, Paul Enis, Tomas Urbononcé. And if you haven't got the joke by now unlucky.

Who is your dream date?

David Stevens, he always get the bill

Which teammate would be voted off Big Brother first and why?

Kyle White, he's really not that popular.

Which teammate is most likely to avoid paying for a round when you are out?

Not gonna lie but this is definitely me

Where do you see yourself in 10 years?

Still not having a driving license and bus hopping everywhere.

Where did you get your nickname?

My nickname is Thumper. I don't actually remember how I got it but I believe it was at a training session and I think Josh Kelly gave the name so probably best ask him.

Who the longest in the shower, you or Melky?

I would have to back myself but in terms of body proportion the small man wins.

What's your favourite rock?

If you didn't know I'm a geologist hence the strange question but the answer is Opal. Opal is a form of amorphous (cryptocrystalline) silica that contains water in its atomic structure. Opal has an iridescence and is most commonly white however, it can be brightly coloured (picture provided). It is commonly found with sandstones, rhyolites (fine-grained granite), marl or basalts. I really could go on about other rocks too but I wouldn't want to bore anyone.

What's your preferred manufacturer of flip flop for verruca prevention in the post game showers?

I source my flip flops from the local street stores of Lagos, Nigeria, manufacturer unknown. You must though buy at the store which is really annoying. It's annoying because usually the quality ranges from maybe a week to years. Due to this I must buy in bulk whenever I travel to Nigeria or ask my relatives to buy some when they are visiting England.

Thanks Leks and good luck today!
