

Results	1st XI	2nd XI	3rd XI	4th XI	Extras	5th XI	6th XI
v Spencer	0-1	1-1	1-2	1-4	1-4	0-2	3-7

A very unhappy set of results. Every captain I spoke to said we were just beaten by the better side. But that's not good enough, for those who haven't realised it Hampstead is in the middle of a revival and we don't get beaten right through the Club.

The Second XI result was very creditable with a much changed side and having found the back of the net a couple of times in the last two games I hope their results will get better and better.

The 1st XI played very well but were beaten by a superbly taken goal from the right wing. The side deserved more reward for their efforts.

The EXTRAS game v. Harrow was unfortunately not a great success due to the failure of two or three members to turn up. Words fail me when members act this way, it might not have been an exciting fixture but if we are going to try and run an occasional 7th Side we have to start somewhere.

OXFORD UNIVERSITY FIXTURE

I trust everyone in the 1st, 2nd, 3rd XIs are aware of what is expected next weekend. We are entertaining Oxford University and I look forward to a very convivial evening.

There will not be any tea after the game but we will go straight into the bar and supper will be served at approx. 5.45. The three sides from Oxford are coming down in a coach which will be leaving at about 8.30. I would hope that the majority of our players will stay and do their share of entertaining.

Kitty for the evening will be £2 including supper, match fee and beer kitty.

DARTS COMPETITION

Dave Wickert is running the darts team in the inter section tournament on Friday, December 3rd. He has a very strong nucleus but would be pleased to hear of anyone interested in filling the last couple of places. Telephone 734 6124 (Office). If you don't get selected please come along anyway and support.

INDOOR HOCKEY

v Richmond 3-5 v Kent Cobs 8-7

A lot of goals for and a lot against, but by all accounts an entertaining evening with Steve Thomas scoring the winning goal against Kent Cobs with 1 second to go.

The side is developing into an efficient unit and once they stop letting goals in they will be a force to contend with.

SUBSCRIPTIONS

There are still one or two subscriptions outstanding. We have a lot of members available every week so if you haven't paid you're not likely to be selected.

SPANIARDS

Robin Francis is keen to give more players games on Sundays. This is supposed to be a side drawn from all sides of the club. He tells me he hasn't got time to phone all of the other 80 playing members so he suggests you try phoning him. Or even come along and make yourself known to him on Monday evenings. He's the one with the moustache who cooks the hamburgers.

HAPPY HAPPENINGS

To Neil and Diane Worman a second daughter.
