SEASON 1986/87

PizzaExpress was delighted with the results of its first season as sponsor of the London League. The innovations of Team of the Month Award and its ensuing revelries, the pre-season party and the end of season supper at Lords, plus fixture posters and sportsmanship awards were well received. We much appreciate the support London League players gave to them, which indirectly helps the cause of eating yet more pizzas at PizzaExpress restaurants.

We look forward to continuing our sponsorship this season and we are proud to be associated with the League which through its members is playing such a prominent part in the World Cup and the Veterans tournament.

May the sun shine and the rain hold off and a good sporting time be had by all, especially our most welcome overseas visitors.
