Not the ideal beginning to the season. I am beginning to wonder what happened to those balmy summer days. Despite the rain we managed to play all our games at home. Many congratulations to Don Nute.

Thanks to Robin Henderson the 2nd XI had an emergency fixture against British Airways. When we started we were not sure weather we were pleased or not. I think we had the whole of October's rainfall in one afternoon. We failed to put the opposition to flight but the team showed promise for the future.

INDOOR HOCKEY

Arthur Suarez is running the indoor team at Crystal Palace and would be pleased to know of players interested in taking part.

The first game is October 12th and the team is on the reverse of this sheet.

We are also attempting to enter a team into the Middx League in order to give experience to more members. Al Watson has generously volunteered to run the side. Al is a Welsh Indoor International and his experience will be invaluable in coaching members in the arts of the game. Please let Nigel Barker know if you want to play.

SPANIARDS

The first Spaniards game will be played at Hornsey on 17 October. Robin Francis will be selecting the side next Monday.

The Spaniards is the Sunday social team which is drawn from all levels in the Club. The fixture list is varied and by playing for the Spaniards it helps members to get to know each other. Robin is interested in getting as many members playing as possible (only eleven at a time though). So get in touch with him as soon as possible.

MONDAY EVENINGS

Selection takes place 6.30 - 7.30

Finally the cost to the Club of having the superb gym facilities on Monday evenings is about £90 so we are asking those in attendance to pay 20p. Last week only 17 of the 30 people there paid, please make sure you pay up.
