

RESULTS	2ndXI	4thXI	6thXI	(1stXI & Vets Sunday matches cancelled)
Hendon	3-1		2-6	
Farnham Common		8-0		

REPORTS(very brief..Saturday's matches only)

The 2ndXI (Johnny Miller 1, Mike Baker 1, Hugh Smith 1) should have won by a much larger score against a weak Hendon side. The main features of the match were Mike's first goal, Geoff Wilmott's reverse stick stop, three yellows and one red all for Hampstead and Paul Masterton enjoyed the game.

The 4thXI (Leon Flack 3, Robin Francis 2, Ram Chitra 1, Andy Joss 1, Bob Hale 1) completely overwhelmed their weak opposition. The main features of this match were, the side playing at last with five forwards, Robin Francis giving an inspiring performance by stopping the ball (unique), the fact that we took our chances and even took those that weren't chances (quote), and that the match was played on grass at home, even though at lands End (very unique).

The 6thXI (Martin Garrett 2) gave a most disappointing performance. We only had ten men and no goalkeeper, a rather surprising state of affairs with matches being cancelled.

A month that is best forgotten. Sixteen out of the twenty-eight Saturday matches were cancelled (much credit must go to Robin in that twelve were played). No matches were played on grass at Hornsey (only three were played in December). Roll on February (what have I said.)

A BIG MOAN, GRITTY, DIG, GROAN, COMPLAINT to the Gods who are members of the Hornsey Committee.

I am no Einstein, Stephenson, Telford, Watt or electronic whizz-kid. Having wasted over £50 of my personal money on ruined clothes I am not prepared to tolerate the club DUPLICATOR much longer. It needs repairing and the pantomime of me taking it to pieces each week and painting the ink on the drum before use will shortly come to an end. You might gather the ink doesn't spread evenly. This side of the bulletin is alright because I use the school duplicator. Why Can't I do the other side at school as well you might ask. With thirty-two potential Che Gueveras, Hitlers, Rasputins and Leonardo's around I haven't the time to do the typing, duplicating or envelopes and posting. One is no longer amused, actions speak louder than words, so I give it three weeks from now, if nothing is done I retire (very dirty). (P.S. Messrs Brown and Waite take note)

A TRAILER WANTED by Dave Dixon to borrow, for one day, that will hold his bike whilst being pulled by his new Aston Martin. (P.S. Social climber)

THIRD XI CAPTAIN With Doug Nicholson departed to the Outer Outer Hebrides Abe Hillel will captain the team despite a sore nose. He will deal with cry-offs but John McDougall will represent the 3rdXI at selection Meetings, so you now have two people to blame.

THIRD TEAM LEAGUE After a meeting last Wednesday there is now a strong possibility that there will be a London League 3rd XI L.....(you know what I mean) More details at a later date.

200 CLUB The Hockey section once again come up trumps with £25 and 10£ wins foe Stan Elgar, Ron Hart and Hugh Wickham. You can take part in the next twelve monthly draws for £12.

THEATRE EVENING (Haven't as yet had the full details) If I do I will include them on the Team Selection side of this bulletin, so read all of the reverse. (If I haven't attacked the duplicator with a pneumatic drill).
