Hampstead

Hockey World - Sept: 26¹⁵
1924

Hampstead promise to be stronger all round and additions are C. S. W. Marcon, the English inside-left, who plays regularly up to Christmas, Major R. A. D. Brooks, R.N., who plays after Christmas, and the return of R. Q. Cruttwell, the old Oxonian to left-wing. H. E. Blake, the Light Blue right-winger, will also play, and with the defence intact, the forward line should be much stronger. J. H. Bennett is captain, and Sir John Hanham, who did not get his Oxonian blue, will be tried at inside-right. J. H. Bennett has retired from the secretarial position now accepted by C. M. Montagu Wyatt.
