

FLOATING FUND (Social and drainage)

NEWS

1) RAFFLE TICKETS

The good news is that you will find enclosed fifteen books of raffle tickets which of course you are required to sell/dispose/get rid of, and forward the proceeds to A.G. More good news, A.G. will, as last year, be taking gratuitous, almost spiteful love in auditing your progress as sales persons... ..

But seriously, last year this event raised £500 towards the drainage of our beloved grand pitches. Please do your best.

2) MARATHON

Anyone anticipating a run in next year's London Marathon may be thinking of getting sponsorship for a charity - Why not raise money for our own drainage fund. We can set up.

3) HELP

So you want to influence people and may be win friends. You'd also like to take an active role in the club and help save the pitches and possibly the club itself from sinking into some (alcoholic) obscurity. We still need people to join the FLOATING FUND COMMITTEE. So come on have some fun: Andy is about to join the Happy Valley set in Kenya and George is on an effective line (not with De Lorean) in the US of A. Being a member of this prestigious committee can have an affect on your careers and fortunes, so join whilst we still have vacancies.

FORTHCOMING EVENTS
