

will only come into partial use next season and then full use the year after that. Five years altogether since we started our ground improvements programme but, we are confident, worth the wait - and the money - in the long-run.

The 1st XI has, as you may have noticed, been turning in some much better results this year. Two wins in the London League (Cambridge University and Maidenhead), two draws (Old Kingstonians and Chesham) and one rather silly defeat (Purley). Last year's new Captain - Suki Rao, also Captain of the London Indians - has recruited some very skilful players during the summer (including Sibia, who has played for Kenya) and we really do look forward to a healthy League position at the end of this season. By the way, if you are interested, you can always hear the 1st XI result, and a brief description of the game on the London Broadcasting Sports programme (4-17 metres) at 5.45 p.m. every Saturday. But, better still, why not come along and watch and support - at Home or away - full list of venues in the fixture card.

Some old members have mentioned that they would like to be kept in regular touch with the Club's affairs by receiving the regular Club bulletin every week throughout the season (copy of this week's enclosed by way of an example). You'd be very welcome to a copy every week - indeed, we'd like old members to keep in touch - but you will appreciate that stationery and postage is expensive nowadays. So I'm afraid we'd have to ask for a donation to cover the cost (say £1 for the rest of this season). Please let me know if you'd like to go on the mailing list on this basis.

Yours sincerely,
Adrian Greenhalgh
