

NEWPORT FESTIVAL

Our team played progressively better during the weekend and finished 3rd in the league, failing by one goal to reach the final.

Won 3      Drew 2      Lost 1      Goals for 12      Against 4

I trust this augers well for the coming season. The side included several new members among them 'Dashing' Dixon and 'Blisters' Benjamin. Unfortunately the weather wasn't perfect but I know everyone enjoyed the weekend.

TRIALS

Due to drought restrictions we are unable to use the pitch at Creighton North School therefore we will only hold ONE TRIAL Session at Picketts Lock on Saturday 25 Sept. 2.30 - 4.30. If anyone has any difficulty in getting there meet at Hornsey 2.00 p.m. (FLAT SHOES & WHITE SHIRT).

TRAINING

Training is now on Monday evenings 7.15 to 9.15 in the splendid indoor gym next to the club. It takes the form of an evening class so there are register formalities. Please see Richard Chapman. But in any case the first session is Monday, 20th September. Can we have as many as possible there?

RULES

All clubs will be playing the Experimental Rules during the 1976/7 Season. When I manage to get a copy I will distribute details.

200 CLUB

The first major draw for £50 and £25 will be made on 26 September. So do your bit for the Club and join now.

I fear there are only 12 hockey players who have subscribed to date. I know a lot of members have said they are thinking about it but such action is about as useful as:

The Irish Abortion Clinic with a 12 month waiting list.

MEMBERS MOVEMENTS

Brian Cogan has answered the call to his native Liverpool. Many thanks Brian for your contributions to the club in the last four years.

Will Samuel return? Yes he has.

Richard Chapman with the not inconsiderable assistance of Robin now has a Doll to go with his Guy. Congratulations, only 4 more to go.

Evans and Menzies take their double act into Europe. We all had a very pleasant evening last Wednesday and will be truly sorry to see them go. The Club thanks them for the Memorial Bar Stool. We just hope he is not too expensive on feedstuff.
