PROUD SPONSORS OF BEESTON HOCKEY CLUB

We are pleased to continue our sponsorship of Beeston Hockey Club for a further season and we look forward to a long, successful partnership together.

Some may ask "How did the partnership come about?" Perhaps a little history of Webs may help set the scene. The East Midlands is one of the major areas for furniture making in the UK and therefore Webs were established in 1968 as a non-profit making organisation to provide quality training for the furniture industry.

Our main focus has always been on recruitment and training of apprentices. We are now well established as one of the largest providers of furniture craft training in the UK.

From our initial discussions with Beeston Hockey Club it soon became apparent that we had much in common.

- *We are both committed to raising aspirations of individuals by helping them achieve the best within their ability.*
- *We believe in strong team work to attain the highest standards.*
- *We work hard to develop young peoples skills and abilities and help them meet their ambitions.*

With these similarities in mind it was not a difficult decision to support Beeston Hockey Club as a local organisation, working hard within the community and helping raise the profile of the East Midlands and Nottingham. On behalf of everyone at Webs Training Ltd, I would like to wish all the teams at Beeston Hockey Club the best of luck for the forthcoming season and we all look forward to a long standing partnership together.

Peter Sisson

Director

Now Stocking Replica Beeston Adidas kit.

Opening Hours Sat: 1pm - 4pm & Sun: 9am -11.30am

Also available on request.
