January 2019

Monthly Return: -1.75%*
Year to Date Return: -1.75%*
Assets Under Management: EUR10.8m*

Overview

- The Blackwall Europe L/S 1.5X Fund follows a fundamental, value-based long/short equity strategy. Investments are made in a limited number of fundamentally mispriced European stocks with a focus on mid-sized, under-researched companies.
- Unconventional thinking is key to achieving superior returns. We only invest in companies which we fully understand with an ideal investment horizon of about 3-5 years. Every single idea has to have its own individual merits.
- Managing and understanding risk is a fundamental aspect of the investment strategy. Risk is further mitigated by applying a margin of safety.
- Portfolio Management is performed by Blackwall Capital Investment AG (Zug / Switzerland), which was founded by Thomas Karlovits, the former Head of European Equity Research at Kepler Cheuvreux. The Fund is hosted on the Trium UCITS Platform plc domiciled in Ireland.
