

Multi-Skilled Maintenance Engineer (Electrical Bias) (MT194)
Permanent Role
Competitive Salary
37.5 hours per week, working shifts

Are you looking for your next Engineering role?
Have you completed an apprenticeship qualification in electrical engineering?

Established in 1938, Cotteswold Dairy is one of the UK's leading independent, family-owned dairies. We support local farmers and communities by delivering the freshest, finest quality products and first class customer service.

We have an exciting opportunity for an enthusiastic Maintenance Engineer to join our Cotteswold family. The successful individual will be responsible for completing planned preventive maintenance and reacting to breakdowns. Working on a two week rota, the hours are:

Week 1: Monday to Friday, 6am – 2pm and Saturday, 6am – finish

Week 2: Monday to Friday, 13.45pm – 9.45pm.

The position is multi-skilled and allows the opportunity to work on a range of machinery, fault finding, and using your problem solving skills to provide a first class service and ensure the effective running of the production factory.

You will have:

- A minimum of an electrical based apprenticeship qualification
- Experience of high speed machinery, ideally within an FMCG industry
- Experience of working with automated machinery

We are committed to training and giving you the skills and abilities to carry out your role, providing progression and opportunities, allowing you to build a long term relationship with the Company. In addition to this, we offer:

- Competitive salary
- 30 days holiday inclusive of Bank Holidays
- Group Personal Pension Scheme – 4% Employer contribution
- Online employee benefits platform
- Cycle to Work Scheme
- Refer a Friend Scheme – potentially receive £250
- Employee shop – discounted products and potential free delivery
- Free car parking

For an informal discussion about the role, please contact the Maintenance Manager on 01684 298959.

JOB DESCRIPTION

Established in 1938, Cotteswold Dairy is one of the UK's leading independent, family-owned dairies. We support local farmers and communities by delivering the freshest, finest quality products and first class customer service.

Team Cotteswold:

At Cotteswold Dairy we recognise that we will achieve far greater success working as a team, with empathetic people management and valuing each other, our staff and our customers.

The aim of 'Team Cotteswold' is to give a disciplined and determined effort to value everyone and everything and as a consequence make the Company the first preference for employees and customers alike over the long term.

The Team Cotteswold Vision:

A well-managed business, with controlled profitable growth, that has an excellent reputation and is recognised as a place of opportunity where people are motivated to work.

Overview:

Providing imperative support to the Tewkesbury Depot, this role is responsible for completing planned preventive maintenance and reacting to breakdowns. The role requires effective problem solving and fault finding skills, with the ability to take initiative and a proactive approach. Working on a range of machinery, an electrical bias is required.

Main Duties & Responsibilities:

- To respond to breakdowns and provide reactive maintenance
- To support planned, preventative maintenance
- To repair and test all electrical and mechanical plant equipment
- To fault find and resolve issues
- Any other duties as required by the Directors.

Skills (Desirable):

- A minimum of an electrical based, apprenticeship qualification
- Experience of high speed machinery, ideally within an FMCG industry
- Experience of working with automated machinery
- Ability to find fault and resolve issues
- Ability to work with minimum supervision
- To be self-motivated and able to adapt to changing priorities
- To complete tasks in a timely manner and deliver a high standard of work
