PREPARATION FOR ROACH TREATMENT

1. Empty all kitchen cupboards, cabinets, and drawers. Place items: on kitchen table, or the center of floor, and cover with an old sheet.
2. Empty the bathroom medicine cabinet and vanity. Place items in the tub and cover with an old sheet.
3. Pull all drawers out of the dressers, and place on bed. You do not need to empty the drawers.

Contingent upon spraying:

4. Plan to be out of your apartment or home for at least 4 to 5 hours.
