THIS FIFTH AMENDMENT TO THE DECLARATION IS MADE PURSUANT to the Condominium Ownership Act of the State of Wisconsin, Chapter 703 of the Wisconsin Statutes, hereinafter sometimes referred to as the "Act", and pursuant to Article 14 of the Declaration which is dated March 30, 1981, and which was recorded on March 31, 1981, in Volume 1 of Condominiums on page 140 as Document Number 444388 at the Sauk County Register of Deeds office, by Summer Oak Coves, a general partnership consisting of John E. All uranium, thorium, and other materials determined pursuant to Section 5(b)(1) of the Atomic Energy Act of 1946 (60 Stat. 761) to be perculiary essential to the production of fissionable material, contained, in whatever concentration, in deposits in the lands covered by this instrument are hereby reserved for the use of the United States, together with the right of the United States through its authorized agents or representatives at any time to enter upon the land and prospect for, mine, and remove the same, making just compensation for any damage or injury occasioned thereby. However, such land may be used, and any rights otherwise acquired by this disposition may be exercised, as if no reservation of such materials had been made; except that, when such use results in the extraction of any such material from the land in quantities which may not be transferred or delivered without a license under the Atomic Energy Act of 1946, as it now exists or may hereafter be amended, such material shall be property of the United States Atomic Energy Commission, and the Commission may require delivery of such material to it by any possessor thereof after such material has been separated as such from the ores in which it was contained. If the commission requires the delivery of such material to it, it shall pay to the person mining or extracting the same, or to such other person as the Commission determines to be entitled thereto, such sums, including profits, as the Commission deems fair and reasonable for the discovery, mining, development, production, extraction, and other services performed with respect to such materials prior to such delivery, but such payment shall not include any amount on account of the value of such material before removal from its place of deposit in nature. If the commission does not require delivery of such material to it, the reservation hereby made shall be of no further force or effect.

C. Easement Reservation. A portion of the property previously described as Phase IV is a subject to a utility easement reserved by Wisconsin Power and Light Company, contained in a deed dated November 6, 1913, and recorded at the Sauk County Register of Deeds office on February 7, 1914, in Volume 98 of Deeds on Page 386 which reads as follows:
