

*"The Premier Source of Bulk Custom Kitting, Clinical Specimen Collection Devices, and Secure Kit Warehousing, Logistics, and Fulfillment Services"*

## TURNKEY FDA CLASS I & II KITTING

The tried-and-true kitting processes and solutions of Strategic Lab Partners LLC (SLP) save clients' money, time, and stress. Its partner relationships with manufacturers provide more expedient access to FDA Class I & II clinical supplies when needed, thus eliminating back-orders that can add up to 50% to their acquisition.

**SLP provides its clients with supply chain analysis and demonstrates and predicts savings before committing to any custom kitting, fulfillment, warehousing, or logistics agreement.**

Strategic Lab Partners is the premier supplier of FDA Class I & II specimen collection and transport kitting for clinical, institutional, government emergency services, medical, and retail clients that require secure, streamlined, and efficient RNA/DNA sampling processes. Its test kits can be private-labeled with easy-to-follow instructions designed to improve return rates, test accuracy, secure samples, and contribute to achieving a greater ROI.

### STRATEGIC LAB PARTNERS KITTING ADVANTAGE

**Guaranteed Savings Over Larger & Foreign Distributors**

**Real-Time Tracking & Reporting Improves Scheduling**

**Convenient All-Inclusive Kitting Services Simplify Logistics**

**Private Labeling of Kitting Boost Return Rates & ROI**
